Here I am to cross that line
Between the place of earth and sky
To see if there is right in what I've done

Well, I've been told and it's been said
There is so much I haven't yet
But who knows what tomorrow brings

Oh... oh... hmmm...

As the sun, it slowly sets
And what you give is what you get
I only hope that what I get is love

In every heart and every hand
To ever cross this simple man
I've only tried to live this life for you
This life for you
Oh... oh... oh...

So, if my God permits me this
I'd find a heart that truly fits
And lover her so until it finally bears

And teach him how to hold the sun
To walk the shore, to learn to run
And at the end, I'll show him
Where he's home

Cause you've taught me
How to hold the sun
And you've walked that shore
Into my arms
And at the end you've shown me
I am home
Oh, I am home...
I am home...

Here I am to cross that line
Between the place of earth and sky
To see if there is right in what I've done
