Daily other places and weç£-e still going on  
Plenty of new faces cos the nights are long  
Tearing down the highway, full speed ahead  
Miles uncounted, the vanç£- become our bed  
...I really missed all that

All bottles empty so we gotta stop  
Hey what a country ?weç£-e not sold a drop  
Heading for the venue for another kill  
Out and up now because weç£-e on the bill  
...and play we will

[Chorus:]

Chaos across the nation - we HIT THE ROAD again  
Chaos and fun and booze for free ?thatç£- how lifecç£  
- to be  
Chaos across the nation ?letç£- go to HIT THE ROAD  
again  
(...up the next decade)

Living like a rover, troubles where we get  
Getting pulled over - oh, how weç£-e used to that  
One room at a motel for the six of us  
The rest too short cos our next showç£- away some  
hours  
...and we stuck in bars
