[Part 1 - The Grand Deception]

Look on high
Son of man I stand before you
Cesestial traveller of time and space

Take my hand
Discover realms beyond the living
Cast aside the mortal fears that ever plague your race

Leave your world behind
Seek and you will find the gates of Gehenna

[Part 2 - Beyond the Veil]

Sinners scream
From tormented fate
Redemption but a dream too late
Damnated souls
In the aftermath
Of gods own wrath
With paradise lost forever
And ever

[Part 3 - Truth Unmasked]

Now you will know
Your reason here
Mine is Lucifer, destructor, abductor of your soul

Seek not escape
Once lured to Hell's own kingdom
None may elude my presence nor relinquish my dread
control

You are sold to brutality
Never to break free the gates of Gehenna

[Part 4 - Requiem]

My fate is sealed in shadow
Denied the gift of light

Cast down damned
Banished from salvations sight

The prey of the betrayer
Spirits never finding peace
An eternity of suffering
Possessed without release

You'll never get away...
