Demon raider in the street
Every day is trick or treat
For devils dance within his mind
A witching hour for all time

Look out tonight
He's creeping up behind
Death by moonlight
His blade of steel will shine

Nightstalker coming for you, nighstalker
Prowler on the run, shadow striker with a gun
Nightstalker coming for you, nighstalker
You better run and hide or you know you're gonna

Shadow rider on darkwing
Devils dance and demons sing
Siren songs into his mind
A dark prince of the fugitive kind

Desire to rip your flesh tonight
And drink your blood til morning light
He licks his blade and sets his sight
A lone wolf running in the night

Look out tonight
He's creeping up behind
Death by moonlight
His blade of steel will shine

Nightstalker coming for you, nighstalker
Prowler on the run, shadow striker with a gun
Nightstalker coming for you, nighstalker
You better run and hide or you know you're gonna

Look out tonight
He's creeping up behind
Death by moonlight
His blade of steel will shine

Nightstalker coming for you, nighstalker
Prowler on the run, shadow striker with a gun

Nightstalker coming for you, nighstalker
You better run and hide or you know you're gonna
Feel it deep inside, creeping up behind ya
Better run and hide or you know your gonna die
