How big is life?  
Can it ride like the butterfly?  
Star in the dust  
Rocketman  
Supersky  
Sugar the hill  
Explode and never die  
I think I will  
Come on take it! High  
I gotta, O yeah! So high  
I gotta, O yeah! Come on! So loosely illustrated  
A trick of light I demonstrated right to you what you  
do!How high is up?  
Can it reach at the butterfly?  
Rise in the howl hit me cold  
Supersky  
Witness the kill explode! Never die  
I think I will  
Come on take it! High  
I gotta, O yeah! So high  
I gotta, O yeah! Come on! So loosely illustrated  
A trick of light I demonstrated right to youWhat you do!  
Yeah!  
Deaf to the ear  
Fat city sang  
Bloody Ma growls
