The Great American Nightmare
Written by Rob Zombie and Charlie Clouser
As performed by Rob Zombie and Howard Stern
Yeah! Dig deep down on Planet Sex, yeah!
Thirteen ghosts in the devil's head
Step right up and feel the violence
Hard-core love of the never dead
Call me the American Nightmare
Call me the American Dream
Call me your soul corrupted
Call me anything you need
Yeah! Motherfucker!
Yeah! Who do you love?
Yeah! Motherfucker!
Stoned along in love, yeah!
Yeah! Black boot stompin' Planet Sex, yeah!
Lust and meltdown in your head
Rat pack mind degenerated
Thirteen ghosts sing the body red
Call me the Dark Intruder
Call me the haunted sea
Call me your monster zero
Call me anything you need
Yeah! Motherfucker!
Yeah! Who do you love?
Yeah! Motherfucker!
Stoned along in love, yeah!
(to have sex with a headless body.
Have sex with a headless body.
In a grisly ritual of mutilation and necrophilia...?)
Call me the American Nightmare
Call me the American Dream
Call me your soul corrupted
Call me anything you need
Yeah! Motherfucker!
Yeah! Who do you love?
Yeah! Motherfucker!
Stoned along in love, yeah!
