Watch the way they wait in line  
Play this game with me in time  
I see the way you look at me  
Your eyes filled with cruelty

You don't have to confess  
To sleeping in the lion's den  
There is no end, no beginning  
Are you my friend?

Black tiles in a line  
Watch them fall serpentine  
I see the snake in your eyes  
Are you set to tell me lies?

Don't try to fight it, 'cause you won't, you won't  
Let it go, it's not wrong  
All we can hope for is a light  
That shines on after we're gone

For all we know we're just here  
For the length, the length of the song  
I hope I know when it's done  
When it's gone

No one knows what happens next  
There's no answer and no guess  
Don't look at me, I'm doing fine  
I'm just not your kind

Look away, don't move too fast  
Fall forward, jump back  
There is no end, no beginning  
The warrior is not a foe and not a friend

Don't try to fight it, 'cause you won't, you won't  
Let go, it's not wrong  
All we can hope for is a light  
That shines on after we're gone

For all we know we're just here  
For the length, the length of the song

I never know when it's done  
When it's gone
