Listen to the music, to the music
Before it passes you by
If you don't lose it, you're gonna use it
The black lullaby

Did I ever tell you I was looking though you?
Cracked mirrors on the lawn
Still it's summer somewhere, summer somewhere
The crystal song

Of a glass tambourine
Don't shake it like you mean
A glass tambourine
Don't break it on the scene

Interstellar reverb in reverse
I need you today
Hit me with it sometime when you shine
Vibrational waves

Of a glass tambourine
Don't shake it like you mean
A glass tambourine
Don't break it on the scene

I thought the end of time was near
But now I can hear
I thought the end of time was near
But now I can hear

Glass tambourine
Glass tambourine
Glass tambourine

Glass tambourine
Glass tambourine
Glass tambourine

Glass tambourine
Glass tambourine
Glass tambourine

Glass tambourine
Glass tambourine
Glass tambourine

Glass tambourine
Glass tambourine
Glass tambourine

Glass tambourine
Glass tambourine
Glass tambourine

Don't break it
Don't break it
