He's Alright, my baby is alright  
He knows what I like naturally  
My man is alright. Yeah he's got it right  
My baby's alright alright with me

There are men, then there are men  
And mine is a Mercedes Benz  
He's so strong, yet so gentle  
He always knows the right thing to say  
Even on my bad days  
Makes no demands, he understands  
He's not afraid to day (I love you)  
Maybe he don't live (in a mansion)  
He don't drive (nothing fancy)  
But he' revs me up, the lovin' that  
He gives to me is enough

He's Alright, my baby is alright  
He knows what I like naturally  
My man is alright. Yeah he's got it right  
My baby's alright alright with me

In a crowd, he stands out  
He's a gentleman without a doubt  
He's so smooth, yet so sexy  
He's versatile and that really gets me  
If you know what I mean  
He's mystical, logical  
He brightens up the (darkest day)  
Maybe he don't wear (Valantino)  
But he don't care (because he knows)  
That what's inside is better than anything money can  
buy

He's Alright, my baby is alright  
He knows what I like naturally  
My man is alright. Yeah he's got it alright  
My baby is alright, sexually  
So right that it makes me go, Yeah, Yeah...

He got the

The goody goody goody goody good lovin'  
Feels so nice when we're kissin' and huggin'  
He got the goody goody, the good lovin'  
Keep ma bell dem ringin'

And when him touch mi body an it  
Feels so fine  
Ina mi heart ana  
Ina mi mind  
Whenever I'm in danger  
He's my knight in shining armor... do it

Girls (I just wanna be satisfied and treated like a  
queen)

Him jus'a raise mi temperature to the extreme  
Girls (He's logical and mystical the man of all my  
dreams)

Get me so hot... mi haffl let off steam  
Girls (He's Alright)  
Nice and clean  
Girls (unbelievable all night)  
Body well lean  
Girls (come and touch my light)  
Good lovin' everybody... Ladies whe you sel...

Makes no demands, he understands  
He's not afraid to day (I love you)  
Maybe he don't live (in a mansion)  
He don't drive (nothing fancy)  
But he' revs me up, the lovin' that

He's Alright, my baby is alright  
He knows what I like naturally  
My man is alright. Yeah he's got it right  
My baby's alright sexually

He knows what I like naturally  
My man is alright. Yeah he's got it right  
My man is alright, he's my baby, he's my baby

My baby's Alright, so right for me. Yeah  
So right that it makes me go Yeah... Yeah...
