Don't worry about me
Don't worry about you
Cause everything you do
Boy I've done too
Don't worry about me
Don't worry about you
Cause everything you
Boy I've done too

A little bit of heaven
And a little bit of hell
You know the words to say
And you say it well
I know your little secret
I know your little lie
So go on tell me
I'll believe your alibi

You set the stage and
You're playing a part
But I've always known who really are
So intellectual

Chorus
You're no good
You're no good
You're no good
Baby, you're no good
I'm gonna say it again
You're no good
You're no good
You're no good
Baby, you're no good
But I like it

A little bit of torture
A little bit of tease
And your demeanor
Covers your real need
I hear your little whisper
I hear your little sigh

But are you bored with
All those social butterflies

I'll give my life
Just lay in the dark
Cause I've always known who you really are
So intellectual

Chorus

I know it's wrong
It feels so right
This candle burns
Without a light
The fire feeds my hunger
For your open door
And just a little more

Chorus
