Billy came back from vietnam just a shadow of a man,  
He was a shadow of a man when he cam back from  
vietnam

(2x)

He was spraying that agent orange on the foliage of  
the land

out of 80 gallon cans, way back in vietnam

Billy came back from vietnam just a shadow of a man,  
He was a shadow of a man when he cam back from  
vietnam

(2x)

He married a little women that he liked to call Diane

Though her true name was named Pam

She changed her name to Mrs. Gram

After two still born babies, Billy said I am

Just a portion of the man I was before I went to Nam

Now he drinks and snorts amphetamine

Just as often as he can cause' he's the shadow of a  
man who

spent his time in vietnam
