(Your world)
(Your world)

Uh, your life is fun and games
But all U do is complain
About the way U live
U like 2 take, what do U give?

If U don't work
How will U earn?
Don't like 2 go 2 school
U'll never learn
One thing I know 4 sure is.

Baby, it's your world U're livin' in
And what U choose 2 make it is what it is
It's your world U're livin' in
If U don't make it better, nobody else will

Tell me, what's on your mind?
We pay the price, who does the crime?
Growing epidemics
Kids born chemically dependent
Through a lack of education
We have lost a generation

Living a soap opera
As the world turns
Feel the crack on your back
Just think, don't be a fool
Or U'll get burned
The skillet, (the fire), which one is worse?

It's your world U're livin' in
And what U choose 2 make it is what it is
It's your world U're livin' in
If U don't make it better, nobody else will

(Your world) Your world, hihi yeah hihi
Oh, baby it's your (your) world, oh yeah
If U don't make it better
Nobody's gonna make it better

When leadership is lacking
Guess who's 2 blame (U)
If U don't vote
Opportunity is elusive
On trial is destiny
Only U can change it
The verdict is still out

(Your world)
It's your world, it's your world, oh oh yeah
(Your world)
It's your world
If U wanna make it better
Baby, U can make it better
(Your world)
Yeah, uh
Look out
Horns
Wait a minute

Who's world is it?
U're shapin' the world that U're livin' in
U like 2 take, what do U give?
Who pays the price in the end?
Your life's fun and games
But U still complain
About the way U live your life
Who's 2 blame 4 your demise?
(It's your world)
It's your world
Whatcha gonna do with it?
Gonna make it better?
Monte
(Your world)
Mmm hm (Monte Moir)
Everybody in the house, sing
(Your world) Yes
