All night lying in bed.  
I'm not asleep but I'm dreaming.  
Those days locked in my head.  
I can't close my eyes without seeing.

What we could possibly be.  
If I walk away then I'm leaving half a life.  
Tearing out the pages it took so long to write.  
... We both know how it goes.

Well, I'd change it if I could.  
But our story's already been told.

One cold dark afternoon.  
You stood there in the doorway.  
A conversation ensued that we knew would happen  
eventually.

Now that chapter is closed.  
I just keep reading and feeling half a life.  
Tearing out the pages it took so long to write.  
We both know how it goes.

Well I'd change it if I could.  
But our story's already been told.

Our story's already been told.

Here I am.  
Pouring over details.  
Here I am pouring over every word.  
I wanted you to say.

Still trying to find a way  
To get closer... To the words I've never heard

Ohh, Ohh.

All night lying in bed.  
I'm not asleep but I'm dreaming.  
Those days locked in my head.

If I walk away than I'm leaving half a life.

Tearing out the pages it took so long to write.

We both know how it goes.

I'd change it if I could.

But our story's already been told.

Our story's already been told.

Our story's already been told.
