He never sleeps, never lets her leave
You're here for life (So give it up. So give it up)
Dirty streets, got no sympathy
For you tonight (So give it up, We're gonna die young,
so give it up)

I wanna know
If I'm not alone here
Are you with her
Or against her?

Search and destroy
There's nothing left to fear
No desperation
The streetlights
It's my city and I owe no explanation

Fake calls
Princes rise and fall
No, she don't mind (Whoa, it's not enough. She won't
stop it's not enough)
If you feel the way I feel
It's the course you're on now

I wanna know
If I'm not alone here
Are you with her
Or against her?

Search and destroy
There's nothing left to fear
No desperation
The streetlights
It's my city and I owe no explanation

Search and destroy
There's nothing left to fear
No desperation
The streetlights
It's my city and I owe no explanation

There's no where to hide

She'll find you
There's no where to hide
She'll find you
There's no where to hide
She'll find...you

Search and destroy
There's nothing left to fear
No desperation (So give it up. So give it up)
The streetlights
It's my city and I owe no explanation (So give it up,
We're gonna die young, so give it up)

Search and destroy
There's nothing left to fear
No desperation (So give it up. So give it up)
The streetlights
It's my city and I owe no explanation (So give it up,
We're gonna die young, so give it up)
