I took on the rain, I tried to try.
It doesn't even matter how hard I cry.
It's always the same, the winds will blow.
My solemn face will start to show.

Is it for me, or someone else?
I seem to be trading life for wealth.
Or am I just breathing like I should?
Thinking of leaving for the greater good.

These roads are my best friend beneath our tires.
These roads don't make me sick, they won't make me
tired.

I'm tripping on the same cable every time
Not playing the game, yes I think I am blind,
I'm tripping on the same cable every time,
Not playing the game, the game.

I miss you like hell, my open friend.
You are my light in the tunnel at the end.
And you introduced me to the world
You introduced me to a girl.
There's plenty of them, it's easy
Plenty of you, lots of me.
I'm thinking of leaving for the greater good
Maybe I'll pray like I should.

These roads are my best friend beneath our tires.
These roads don't make me sick, they won't make me
tired.

I'm tripping on the same cable every time
Not playing the game, yes I think I am blind,
I'm tripping on the same cable every time,
Not playing the game, the game.

These roads are my best friend beneath our tires.
These roads don't make me sick, they won't make me
tired.

I'm tripping on the same cable every time
Not playing the game, yes I think I am blind,
I'm tripping on the same cable every time,
Not playing the game, the game.

I'm trippin' trippin' on this every time
I'm trippin' trippin', yes I think I am blind
I'm trippin' trippin' on this every time
I'm trippin' trippin', yes I think I am blind
