Sitting all by myself, no hope left but yet I hope for help.

Knowing I just can't see the light you want so deep inside of me.

And I feel I'm growing black.

So, oh.

I know there's so much more.

But while I'm still here, trying with me, just remember that you're still

With me.

And nothing ever goes the way it should but baby, I'm still here... Alone.

Always.

I'm still here.

Always.

Knowing all's not lost, yeah I'm here but I've paid the cost.

You don't notice me, the words I say will not break free, from deep inside

Of me.

So, oh.

That's how I see.

But while I'm still here, trying with me, nothing ever- that you're still

With me.

That nothing ever goes the way it should but baby, I'm still here. Alone,

Alone.

And nothing ever goes the way it should but baby, I'm still here. Alone.
