Do you listen
From start to finish
Please don't treat my sweat and blood
Like it's just mud
In the old days
They'd let the record just play
There was no fast forward button to push
To skip through the moosh
But then again there was none
No filler it was all fun (all fun)
I guess all I'm trying to say
Is give albums a chance

Are you the kinda girl
Who just pirates the hit songs
When music videos make your ears perk up
Girl it gets me worked up
Don't be so shallow honey
Like chasing men with money (cha ching)
I guess all I'm trying to say
Is give albums a chance

Angels sing
La la
Did it hurt when you fell
La la la la la
From heaven
La la la All weâ€™re trying to say
Is give albums a chance
Yes please

Gentlemen
La la
Oh lighten up the testosterone
La la la la la
Yeah just sing from your heart
La la la All weâ€™re trying to ask
Is give albums a chance

Oh digitally speaking baby WHOOH
La la la la la la la la la la la la la la la
All weâ€™re trying to say

Is give albums a chance
Hey where did all my ladies go?
La la la la la la la la la la la la la la la
All weâ€™re trying to say
Is give albums a chance
