### CHORUS:

Hold me, touch me  
Hold me tight for just tonight  
Hold me, touch me  
Tell me that youâ€™ll be alright

### VERSE 1:

September came as a surprise  
Like a dance I didnâ€™t know  
It took the strength I had inside  
To go it on my own  
Help me understand  
Iâ€™ll always love my little man

### CHORUS

### VERSE 2:

Remember how this came to life  
As jokester children when we met  
And of the deals we use to make  
We promise not to have regret  
Iâ€™m sorry, itâ€™s sad to say  
Itâ€™s killing me to see you this way

### CHORUS

Darling I know youâ€™ve been hurting, 'cause I'm  
hurting too  
And I hear that youâ€™ve been drinking a lot  
And thatâ€™s not like you  
I wish that I could be there  
To wash you up and comb your hair  
But I donâ€™t even know my own place in life now  
But remember, no matter what happens to the both of  
us  
I will always be your girl

### CHORUS x 2
