A little pill takes its course
puts the cart before the horse
here upon these roads.
It gets you high, it gets you down
this little help is but a clown
I hope by now you know.

(Bridge) 2x
You can have it
you can have it
true bliss hey yeah, hey yeah.

(Chorus)
You can have your own free haven
you can have your own
so take it, make it
it won't fail you,
it will save you on a grey day.

I hope one day life will win
and signal to you to pull in
and take you off these roads.
To acquit and to become
one with what you drag along
a youth in reds and golds.

(Bridge) 2x
you can have it
you can have it
true bliss hey yeah, hey yeah.

(Chorus)
You can have your own free haven
you can have your own
so take it, make it
it won't fail you,
it will save you on a grey day.

I'll adjust, I'll adjust to your reds and golds.
I'll adjust, I'll adjust
I'll adjust, I'll adjust

(Chorus)

You can have your own free haven
you can have your own
so take it, make it
it won't fail you
it will save you on a grey day.
On a grey day.

On a bus there's a sign
saying you can trust us right
you are not alone.
