"Seaside"

Visit "[Seaside](#)" on MotoLyrics.com

this seaside is our home , babe
keeping us in pace
with all that has a cool way
of handling our age
in every way
knowing that this feeling will never change
knowing that this feeling will never change
it's changing me

- Cool tide -

this seaside is our home , babe
a shelter from a world
that's harbouring a rough trade
of martyrs and of girls
in every way
knowing that this feeling will never change
knowing that this feeling will never change
it's changing me

- Cool tide -

children's stories , little worries
you bring home from work
to spend the night with all but hurry
we take time to love in a better way

goes a story , talk from the village
all's been said and done
wanting more than grace and glory
is shooting at the sun
this seaside is our home , babe
this seaside is our home , babe
knowing that this feeling will never change
knowing that this feeling will never change
it 's changing me

- Cool tide -
