These days tell me to go it alone  
The crippled walk on  
The righteous were wrong  
As far as I can see  
It ain't what you told me  
Dark sand and cold sea  
These days I'm going to go it alone  
I hope nothing's proving me wrong  
You're so far I'm so here  
If I step forward would you dress me down  
There ain't no magus

The best swimmers drown  
As far as I can see  
These days I'm to go it alone  
I hope nothing's priving me wrong  
You're so far I'm so here  
Charge me a token fee for your truth  
Charge me a token fee for your truth  
And I hope  
And I hope for your truth
