It is absurd all we don't want to know
you can read about it
people talk about it
telling
you're not unable
you're able
you can
if your teeth are white
if you stick to the plan
to meet the needs of a time fixed demand
to get a ticket to travel the scam

this hole is the whole you know
where trouble can find you

it's obscene all we don't have to know
you can read about it
people talk about it
telling
rule of the game you should stick to the plan
to be anonymous
one with the cram
to smother all truth you cannot understand
to get out and give in and live for the scam
this hole is the whole you know
where trouble can find you
where i can find you
