You've probably noticed something is changin'™  
But there's no anger, no fighting, no blamin'™  
You wonder if she suspects you've been playin'™  
It's not her words it's more what she's not sayin'™

I am your friend and I'll say it out loud  
She's a great woman, better do something now  
Before that it ends dare to look in her eyes  
Before she sees through you and sees how you've lied

If you wanna change her mind (if you wanna change)  
You're runnin' out of time  
You best go apologize (apologize)

The time has come for you to try  
To throw away you're foolish pride  
Before she lays it on the line  
And leaves you behind

She's sensing somethin'™ was there now it's missing  
It seems to her that you're no longer listening  
And avoiding affection and kissing  
Blaming herself she thinks it's her fault you're resisting

I'm on your side and I've seen all the signs  
You say you don't need her but you know that's a lie  
You think that you're tough, that's a hard way to learn  
'Cause once she is gone she will never return

If you wanna change her mind (if you wanna change)  
You're runnin' out of time  
You best go apologize (apologize)

The time has come for you to try  
To throw away you're foolish pride  
Before she lays it on the line  
And leaves you behind

She gonna lay it on the line (lay it on the line)  
She gonna leave you behind (leave you behind)  
She gonna lay it on the line  
She gonna lay it on the line (lay it on the line)

She gonna leave you behind  
She gonna lay it on the line
