

## Worth Taking "A Night Alone"

Visit "[A Night Alone](#)" on MotoLyrics.com

I donâ€™t need this now  
I canâ€™t pretend I wanna stay  
Only you could make this feeling go away

Because a night alone would only do me good  
And I would try if only I could

Another time would be much better  
For this to work I write a letter  
Telling you I'm ok  
Now that you're here you feel so far away

Because a night alone would only do me good  
And I would try if only I could

Because a night alone would only do me good  
And I would try if only I could

Let it go let it go donâ€™t hold on let it go  
It's easy to let go if you know where to go  
Donâ€™t turn away I'm not afraid

Of a night alone that would only do me good  
And I would try if only i could  
Because a night alone would only do me good  
And I would try if only I could

Let it go
