Stand and face the enemy I know how hard it is
Everyone's a target here and you just may be his
You just have to say

You may have won the battle but we will win the war
Run but you can't hide
Odds are stacked against us we have to believe
Love is on our side

We're not going anywhere this I promise you
The fight inside will never die no matter what you do
Now is your last chance

You may have won the battle but we will win the war
Run but you can't hide
Odds are stacked against us we have to believe
Love is on our side

Tonight is the night that we stand up
Move forward have no fear
Every second of my life has made me who I am
That's why I'm here

You may have won the battle but we will win the war
Run but you can't hide
Odds are stacked against us we have to believe
Love is on our side
