Chorus:

Dream can never run away
It's only you who can take that away
You can be who you wanna be
If you believe in yourself

Verse 1:

Born, fed and raised without a silver spoon
Mama said, son, go to school or be a goon
My ace coon boons
Prayin' hopin' to make it outta the hood soon
So I'm in the kitchen tryna bake that cake
So me and my hungry dawgs can break that bread
Life come at me correct
Or come at me crooked
I'll never die kneelin'
Cos money ain't got no fuckin' feelin' mane
Yo my life is a metaphor
No poet can understand it
My vibe is hot charcoal
No guru can overstand it
For the dough I'm on my toes like a pedicure
Crooked streets growin' up was a detour
The hustle snatched folks I loved the most now
The chalice cloud is my Holy Ghost woah
Makin' it to the top was a nightmare
Now we live the dream
Any nig can make it here
Believe that;

Chorus:

Dream can never run away
It's only you who can take that away
You can be who you wanna be
If you believe in yourself

Bridge:

They say I can't make it

But I'm still here doing it
Coz I like it
And never look back
That's why I never fall down
I never run
I work hard to get this crown
My dream to shine in every city in every town
In every city in every town...
