My baby, my baby's got no words for me
No words for me, my brother's in jail

My father said, my father said son, I can't afford his
bail
son, I can't afford his bail
And they put a crown on to his head and they
murdered him

My baby, my baby's got no words for me
My brother's in jail, my baby's got no words for me
My brother's in jail

My father said, my father said son, I can't afford his
bail
son, I can't afford his bail
Now don't let me take up my fathers dreams

He said wants to be
Shorty wants to be a thug
He said he's gonna be
Shorty's gonna be a thug
