GUITAR SOLO INTRO)

you get me stinkin' like an old mad skunk
cryin' "help me" like a dummy in a trunk
tumblin' like a leaf on the wind
clackin' like a schizophrenic hen

Â

I'm plum crazy over you

Â

mooiin' like a love sick mule
lonely as a transatlantic fool
colder than a fish on ice
jumpy as a cat chasin' mice
I'm crazy over you

Â

I went to the Doc
chewin' on my sock
he said, 'Boy, yer in whoreable shape'
better get straight
before it's too late
if you wanna see another day

Â

everything will be ok
if you'll only look my way
'cause I'm crazy over you

(GUITAR SOLO)

Â

stakin' out my lawn
at the crack o' dawn
waitin' for the mail to come by
if I don't hear from you
I know what I'll do
I'm gonna lay down and die

Â

I know that it will be alright
if you will only see me tonight
'cause I'm crazy over you
well I'm crazy, crazy, ooh
