KEYBOARDS INTRO)

sometimes it feels like  
we lack communication  
I know you feel like  
you need a long vacation  
when you've had enough  
and you say this isn't love  
you know it ain't true  
(I've heard it all before)

I know it too

(not worried anymore)

Â

don't talk - we can touch  
don't talk 'cause words never can say enough  
do what you want but  
don't talk - I'd rather we touch  
don't say anymore, we've already said enough  
do what you want but don't talk

Â

I never mastered  
the art of conversation  
so you'll just have to  
use your imagination  
I know you won't mind  
when we make up one more time  
we've been thru a lot  
(we've shared it all together)

so we gotta stop

(it's better late than never)

Â

don't talk  
we can touch  
don't talk 'cause words never can say enough  
do what you want but  
don't talk

Â

we're staring at the ceiling  
conceal our thoughts, our feelings  
now all that's left to do is  
show my love for you so

Â

don't talk  
we can touch  
don't talk 'cause words never can say enough  
do what you want but  
don't talk  
I'd rather we touch  
don't say anymore, we've already said enough  
do what you want but  
don't talk,  
we can touch  
don't talk 'cause words can never say enough  
don't talk
