PIANO & GUITAR INTRO)

last night, while you were far away
I thought I saw the devil and heard him say
I've come to take away your soul
to a place where you can't play no rock-n-roll

Â

well, I've got dreams that wake me in the night
gonna turn my hair to gray,
gonna make me fade away,
gonna make me see a little light

Â

a man once told me with a smile
lock all your troubles in a fire
but then someone showed up with the key
you know you can't never hide what you can't see

Â

and I've got dreams that wake me in the night
gonna turn my hair to gray,
gonna make me fade away,
gonna make me see a little light

Â

dreams that wake me in the night
cryin' out for heaven sake,
gonna make me lay awake,
gonna make me see a little light

(SLIDE SOLO)

Â

pretty girls with curly hair
I sometimes think that I should take my share
but that special one that means so much
I just don't want to lose her special touch

Â

and I've got dreams that wake me in the night
gonna turn my hair turn to gray,
gonna make me fade away,
gonna make me see the light

Â

dreams that wake me in the night
cryin' out for heaven sake
gonna make me lay awake,
gonna make me see a little light

gonna make me see a little liiiight
