GUITARS & KEYBOARD INTRO)

lazy yellow moon comin' up tonight shinin' through the trees

the crickets are singin' and the lightnin' bugs are floatin' on the breeze

baby, get ready

Â

across the field where the creek turns back by the old stumprow

I'm gonna take you to a special place that nobody knows

baby, get ready

Â

oooooohh

you an' me goin' fishin in the dark

lyin' on our backs and countin' the stars

where the cool grass grows

down by the river in the full moonlight

we'll be falling in love in the middle of the night

movin' slow

spend the whole night through

feels so good to be with you

Â

spring's nearly over and summer's comin' - days are gettin' long

I waited all winter for the time to be right just to take you along

baby, get ready

Â

it don't matter if you sit forever and the fish don't bite
jump in the river and we'll cool ourselves from the heat of the night

baby, get ready

Â

oooooohh

you an' me goin' fishin in the dark

lyin' on our backs and countin' the stars

where the cool grass grows

down by the river in the full moonlight

we'll be falling in love in the middle of the night

movin' slow

spend the whole night through
it feels so good to be with...

Â

you an' me goin' fishin in the dark
lyin' on our backs and countin' the stars
where the cool grass grows
(hmm, hmm) down by the river in the full moonlight
we'll be falling in love in the middle of the night
movin' slow

Â

you an' me goin' fishin in the dark
lyin' on our backs and countin' the stars
where the cool grass grows
(you and me)
down by the river in the full moonlight
we'll be falling in love in the middle of the night
