INTRO)

I'm gonna buy me a car and it's got a little class
I don't drive real far but I drive a little fast
but now in a little while, I just gotta pass
I know you kick it on the tire, but now I'm going to kick a
littleass

Â

if that don't make it at Steak-N-Shake, you can eat my
dust

my car makes yours look like a bucket of rust

Â

I'm gonna buy me a car, with great big fins
I'm gonna ride through the bar, gonna drink up all the
gin

smoke a big cigar and play the wheel
drive around like a star, not a has-been

Â

if that don't make it at Steak-N-Shake, you can eat my
dust

my car makes yours look like a bucket of rust

I'm gonna buy me a car, it's got real class
I don't drive real far, but I drive real fast
when I get real wired, I've just gotta pass
I done kicked it on the tire, now I'm going to kick some
realass

if that don't make it at Steak-N-Shake, you can eat my
dust

my car makes yours look like a bucket of rust

if that don't make it at Steak-N-Shake, you can eat my
