PIANO INTRO)

you really fooled me from the start
and kept me in the dark
yes, you played your part so well
that I couldn't tell

Â

you ought to go out to Hollywood
you might like it in Hollywood
yeah, I think you're that damn good
you just might make it in Hollywood

(STRINGS)

Â

you always knew just what to say
to take my doubt away
you had your act down to a 't'
I thought you loved me

Â

you ought to get out to Hollywood
I think you'd fit in Hollywood
I admit that your looks are good
you may be pretty enough for Hollywood

(STRINGS)

Â

(ooohhhh)
Is it hard to understand
how you make me feel
what I really mean to you
you seem to keep concealed
what I need to you to be real

(SAX SOLO)

Â

I'm so confused both night and day
with things you do and say
you're so cold before you're hot
I get surprised a lot

Â

so you should do fine in Hollywood
you've got the timing for Hollywood
I really think that you've got the goods
to be a big star in Hollywood

Â

so go out to Hollywood
get out to Hollywood
you may be pretty enough for Hollywood
