KEYBOARDS INTRO)

I wish I knew where I've been at
I've put myself here on an oval track
when I need to be
more like on a straight line by your side
I've kept goin' back to all the rest
when inside, I've know that you're the best
and I ought to go -
ought to go and take ya'

Â

you're the one that's got the touch that wakes me
you're the one that's got the eyes that look through me
you're the one - you're the one that's number one
you're number one girl - (one girl)
there's not another one as close as you
you're number one girl - (one girl)
and I can't even see number two

Â

since I've met ya', I don't have a past
it's just that this is movin' so damn fast
it erased it all
I can't see behind me

Â

you're the one with the look that took me
you're the one with the words that sucked me in
you're the one - you're the one that's number one
you're number one girl - (one girl)
there's not another one as close as you
you're number one girl - (one girl)
and I can't even see number two

(GUITAR SOLO)

Â

you're the one that's got the touch that wakes me
you're the one that's got the eyes that look through me
you're the one - you're the one that's number one
you're number one girl - (one girl)
there's not another one as close as you
you're number one girl - (one girl)
and I can't even see number two
one girl, one girl
one girl, one girl

one girl, one girl
