KEYBOARDS INTRO)

nobody hears when you're talking  
too many tears have you calling  
what can I do? why is it no one seems to care?  
where is the love, you often wonder  
too many nights you wait and wonder  
how can it be - why do you feel there's no one there?  
if only you could steal away somehow  
maybe they'd understand what's the use anyhow

Â

only seventeen  
lost in a world where you belong  
only seventeen  
caught in a dream and always wrong  
and as the night begins to fall  
how can you win  
you're only seventeen

Â

wishing and hoping  
sometimes praying  
wanting to leave but you keep saying  
someday soon, sooner or later you'll be free  
you know inside you heart that you want to run  
gonna tear you apart 'cause it can't be done

Â

you're only seventeen  
lost in a world where you belong  
only seventeen  
caught in a dream and always wrong

Â

and though you try to laugh  
there's a photograph  
that reminds you too much of your dream  
there's a chance you'll laugh  
at that photograph  
just reminds you of what might have been  
ooh, you're only seventeen

(GUITAR SOLO)

Â

you're only seventeen  
lost in a world where you belong

only seventeen  
caught in a dream and always wrong  
and as the night begins to fall  
how can you win  
you're only seventeen  
lost in a world  
only seventeen  
caught in a dream  
you're only seventeen  
lost in a world  
only seventeen  
caught in a dream
