GUITARS & HARP INTRO)

outside my country home, the world's done been by
you're all in there alone even though your side by side
say the word, the word is freedom
show the way, the way is love
another day, that life your leadin'
be a bird, that's gone astray
(yeah-e-yeh, yeah-e-yeah)

Â

outside my country home, you're runnin' 'til you die
the sadness you have known often makes me want to
cry

say the word, the word is freedom
show the way, the way is love
another day, that life your leadin'
be a bird that's gone astray
(yeah-e-yeh, yeah-e-yeah)

Â

lookin' down the well a voice says come on in
go on and kill yourself, there's joy in the end
then comes a song and takes me for a whirl
music is my only faithful girl

ah...

(ahh, ahh, ahh)

outside my country home, the world's done been by
you're all in there alone even though your side by side
say the word, the word is freedom
show the way, the way is love
another day, that life your leadin'
be a bird that's gone astray
yeah-e-yeh, yeah-e-yeah
