if I tell you how I feel about you

baby, it's for real

and if I tell you that I want you to stay

that's just the way I feel

I could give you what you need

satisfaction guaranteed

I could give you love

Â

if you'd give me just a little of your time

I would take your heart

and there would never be another in your life

I'd take up every part

I could really set you free

satisfaction guaranteed

I could give you love

I could give you love

Â

if you were stayin' with me the night would be brighter

all the weight would be gone and the load would be
lighter

if you would give me a chance I could take you much
higher

all I need you to do is give me an answer

will you give me love?

(GUITAR SOLO)

Â

I could give you what you need

I can really set you free

you know I hold the key

to satisfaction guaranteed

I could give you love

I could give you love

I could give you love

I could give you love
