(GUITAR INTRO)

runnin' fast climbin' to the sky

a piece of pie hit me in the eye

tidal wave got me on the run

now I'm out lookin' for an answer

got a date with a Spanish dancer

butter weighs half a ton

I'm in love and I'm never gonna come back down

I'm in love and I'm never gonna look back now

oh, Lord, you don't need a reason,

wooh to be saved

walked in turned on the light

I didn't know I turned on the night

Cadillac set to roll

now I'm doin' double back-flips

turned the key but the fan belt slips

saddle packs a heavy load

I'm in love and I'm never gonna come back down

I'm in love and I'm never gonna look back now

oh, Lord, you don't need a reason,

wooh to be saved
