[Verse 1]
My head is always busy
Stuck in a place
I've been way far too long
It's not paranoia
I'm stuck in this hell
In this shell, I'm securely locked
away losing who I is, in a coma
Tell me how to fix it
cause baby I have tried it all
Where did I go wrong, or
out of order?
Doctor give me help, can you help me
Dr. Pill?
[Pre-Hook]
Oh feeling strange feeling
strange feeling strangern
Oh feeling strange feeling
strange feeling strangern
[Hook]
Wake up in the
morning feelin' iffy
(What is going on with
me?)
When I look in the mirror I don't know who this
dude is
(Staring right back at me)
Dr. Pill, Dr. Pill,
give me something, I'm feeling ill now
(What can you
prescribe for me?)
Cause when I look in the mirror, I
don't know who this dude is
(Staring right back at
me)
[Verse 2]
I admit I have been slipping
Stuck
in a human-like cell
And it's got legs and arms
It's
not me talking, bro, that is my face
I have not known
who that face belongs to in a while
Keeping
composurern
Tell me what to do cause just talking it
ticks me out
I want to turn me down
I'm out of
ordern
Doctor give me help, can you help me Dr. Pill?
[Pre-Hook]
[Hook]
