Every time i start to remember
I remember i don't want to remember
Warp me back at 88 if only for one day

Turn on mario and luigi
Sit me down put my hands on the ouija
And when it spells out roisin's name i'll swear it wasn't
me

1988 take me back to 1987
I'm in search of days
When times were good and earth a place in heaven

Now that i jump as high as luigi
Let's sit down put our hands on the ouija

When it spells out your sweet name you'll know that it
was me

1988 take me back to 1987
I'm in search of days
When times were good and earth a place in heaven

I want to make a motion to stop the commotion
I second the motion to stop the commotion
I got another notion for backwards motion
I too have a notion back-back-back backwards motion
