I've been cheating on you ever since we broke up
I've been dreaming about you ever since i woke up
Now my feeling's disappearing ever since you spoke
up
So I'll devise a plot to break your heart
Think up a plan that I'll never carry out
What's wrong with you?
Tell me now
What should i do?

CHORUS

Don't let me down
I couldn't take much more of your love
Don't let me down
I couldn't take much more of you love

So i asked you to the show but i knew you'd never show
up
Came to my birthday party just to tell me i should grow
up
And then i see another girl and i think I'm gonna throw
up!
So I'll devise a plan to make you mad
Dirty tricks to come back and take command
I'll win your hand
We'll hijack a plane and we're never gonna land

CHORUS

Don't let me down
I couldn't take much more of your love
Don't call me up
I'm so sick and tired of being down
Don't let me down
I'm so sick and tired of hanging up
Don't call me up
I couldn't take much more of your love
