All that pain, 1 phone, all dem names,
Can make a chick (echo), insane.
Its crazy tho, she kept me tho, she let me know.
If I fuck around then she gone let me go,
This the second time and this lets me know - question,
Why I fuck with you, why am I even fucking you,
It used to be here's my phone, now I don't even see no
trust in you.
Eyes closed I can see the lies, ears closed I can hear
the pain,
2 shots I don't even drink, *bow bow* im just tryna kill
my brain,
Cause them thoughts hurt, she just really want em all to
go away,
But that don't work, they all right here and they here to
stay,
All in her brain, she say this shit ain't no game,
1 last time it ain't no playing, start it over and try that
shit again.

Hook:

She don't wanna love me no more (echo)
She don't wanna fuck me no more (echo)
2 lies too many, 2 tries too many,
2 times too many, 2 times too many,
2 lies too many, 2 tries too many,
2 times too many, 2 times too many,

She say fuck you its over, thought that you was my
solider,
Thought that you'd be the 1 id lean on when I need a
shoulder,
She said fuck it its over, all this trust shit is dead to me,
Then get up and lean over, and realize she in bed with
me,
Damn, how the fuck you get from that to this,
She still dreaming, that im cheating cause I did some
petty shit,
Im done with it. no more talking to bitches, that don't
even matter,
I just wanted chatter, that shit turned to a bladder,
Cause she pissed off, and I'm in deep shit,

She in deep thought, and I'm in deep risk,
Of loosing everything thats close to me,
To the end we supposed to be, but this ain't how its
sposed to be.
