When I'm in the presence of YHWH I am restored
Forgiven and delivered and thankful ya'll
With praises on my lips and the fire shut up in my bone
Empowered to declare the word of YAH

Cause I am healed
In His presence
Set free
And forgiven given the victory and He has returned to
me
Grace and humility salvation prosperity
And all that He has prepared for me

There's nothing like the presence of YHWH
(Repeat)

Anointed by the hand that has brought me this far
Redeemed by the blood of YAHSHUA
Filled with the ruach and made HIS righteousness
I am loved and resting in the Masters care

Cause I am Safe
In His presence
Fruitful
A new creation given the victory and He has returned to
me.
Life and Humility my joy has returned and I will get all
that He has for me.

There's nothing like the presence of YHWH
(Adlibs)
