Is it me or does it seem that life just carries on now?
Was it him who said that life is just a song now?
I don't know what'll keep me on this little Earth
I just might use the love that's all in the dirt

But every damn time, every time
That I see you
you know what I say to myself
She ain't worth it
uh no no
She ain't worth nothin I got
Ah no
ya go to ya got to get away

Was it you who said my life is over?
it was over from the bitter start
did you say that I won't be around downtown
tomorrow?
yes I will with a hardened heart

But every damn time
That I see you
you know what I say to myself
She ain't worth it
no no
She ain't worth nothin I got
ah no
ya got to

She can have anything she wants
but she really doesn't know about the way she taunts
It's tearin me apart, tearin me apart

get awayaaa
just get away from
go on right now

did you mean something mean
when you said my soul is clean
well i know all the stories that ive been told
they aint nothin but a product sold

i was walkin last night
thinkin kinda funky,ready to fight
feelin kinda frisky drinkin finer wiskey
never did i know what did it would and kiss me
up cross the mouth i went down south
head started spinnin like a whrily mount

and i said hey girl gotta run away
gotta ask something, something gotta say
so i said hey something dont ya know nothin
dont ya see the world that is comin

and i said i dont wanna say nothin else
and get away to get up
get away to get up
get away to get up
get away from me
get away to get up
get on up
oh get away from me

get awaaaay
ya got to get away
ya took all of my money
ya got to get away
ya took away my soul
now time to get away
ya took it all away
so please go
don't come back
neva,neva gettin
