Taken from 113002 at the Hammerstein Ballroom  
Towered sunlight,  
Left alone away the sunrise.  
And under these overpasses,  
A towering mountain does rise.  
Don't cross the river  
Not over there,  
There'll be a mystery revealed,  
Were meant to share.  
And if I am to seek  
This place you can see,  
Whose chariot to follow  
So I, can be free?  
Towered moonlight,  
Takes me away every night.  
And over these underpasses,  
A towering mountain doth rise.  
Don't cross the river  
Not over there,  
There'll be a mystery revealed,  
Were meant to share.  
And if I am to seek  
This place you can see,  
Whose chariot to follow  
So I, can be free?  
Oh no, here we are again.  
Oh no, here we are again.  
My momma told me,
