I'm half a crazy man waiting for confirmation.
Signs keep changing and I need some more
information.
Some tricks of the light you never know.
Make a flickering midnight light into a glow.
It's a trick of the light. It's a trick of the light.
Something tells me how her bright blue eyes are
smiling.
She turns her head
now will she
wq'n't she deny him?
Some tricks of the light you never know.
Make a flickering midnight light into a glow.
And the spark that you saw so bright was just for show.
Could it ever have tunied out right
you'll never know.
It's a trick of the light. It's a trick of the light.
She turns
she takes his hand
breaking his concentration.
She burns at his command makes some
transfiguration.
Some tricks of the light you never know. . . .
Could it ever have turned out right now? - It's a trick of
the light.
There is something you'll never know. - It's a trick of the
light.
Could it ever have tunied out right now? - It's a trick of
the light.
There is something you'll never know. - It's a trick of the
light. . . .
