

Youth Lagoon "July"

Visit "[July](#)" on MotoLyrics.com

Explosions pillaging the night
From the fireworks on the fourth of July
It's just my lady, our friends, and I
Smoking cigars and yelling at cars as they drive by
We scaled a ladder ascending to the roof
While five years ago I weeped and no one knew
Holding my guitar, I strummed a tune
I sang "I love you but I have to cut you loose"
As the neighbor lights off the small bombs we watch
from the rooftop... safely, so safely
If I had never let go, then only God knows where I
would be know
I made a bridge between us then I slowly burned it
Five years ago, in my backyard I sang love away
Little did I know that real love had not quite yet found
me
