Make my way downtown, it's really on
breaking it down, until it's dawn
let the rhythm take me away

lights are low
music's loud
you gotta feed off the crowd
bottles popped, shooters shot, alright

cuz I don't care what people say
I'm going to dance the night away
not looking to impress or show off my new dress
I don't care who might be watchin'
I'm going to be who I wanna be
what happens here, stays here tonight
get you vegas on

jumpin on the bar now it's heating up
do anything that you've been dreaming of
tonight's the night to do it you way

who we are no one knows
so we're gonna give them a show
bottles popped, shooters shot, alright

cuz I don't care what people say
I'm going to dance the night away
not looking to impress or show off my new dress
I don't care who might be watchin'
I'm going to be who I wanna be
what happens here, stays here tonight
get you vegas on

oh get your vegas on

feel the beat hit hard through your veins
dance with your heart, turn off your brain
just let yourself, get carried away

drop it low, harlem shake
it doesn't matter what moves you make
bottles popped, shooters shot, alright

cuz I don't care what people say
I'm going to dance the night away
not looking to impress or show off my new dress
I don't care who might be watchin'
I'm going to be who I wanna be
what happens here, stays here tonight
get you vegas on
