Mad House

I'm so sorry, but my life is getting so complicated,
no
time for breathing, it's a mad house
I'm so sorry, but my life is getting so complicated,
no
time for breathing, it's a mad house

You must've been out, or you must've been late
you must've been out, or you must've been
leaving
X2

You'll be so sorry when your life is getting
annihilated and
You'll be sorry in your mad house

I must've been out, or I must've been late
I must've been out, or I must've been leaving
X2

Hard to be in love when nothing's left to give
X4

You must've been out, or you must've been late
you must've been out, or you must've been
leaving
X4

Hard to be in love when nothing's left to give
X8

I'm so sorry, but my life is getting so complicated,
no
time for breathing, it's a mad house

I must've been out, or I must've been late
I must've been out, or I must've been leaving
X4
