When it was you and me
And I did believe
When you used to hold me tight
Those days are far away
Now it's time to pay
Now it's time to say goodbye

Did you think of me
Did you even see
When you look me in the eyes
Did you see me there
Did you even care
I'm broke and tired and I can't be waiting on
you

So many nights alone
Didn't pick up the phone
I acted like I had no clue
But now your on your own
Don't bother coming home
Now its me that's done with you

Did you think of me
Did you even see
When you look me in the eyes
Did you see me there
Did you even care
I'm broke and tired and I can't be waiting on
you

I used to wait as I cleaned our living room
I saved my heart for a stupid boy like you
All of this time I believed in your lies

Did you think of me
Did you even see
When you look me in the eyes
Did you see me there
Did you even care
I'm broke and tired and I can't be waiting on
you

I gave you everything
You took all of me
Now I'm free of all your lies
Now I need a man
Who is my biggest fan
Because my stock is on a rise

Did you think of me
Did you even see
When you look me in the eyes
Did you see me there
Did you even care
I'm broke and tired and I can't be waiting on
you
